

This document establishes the cognizant NAVAIR point(s) of contact for contracts issued to General Atomics Electromagnetic Systems (“GA-EMS” or “Buyer”) by the U.S. Government for Electromagnetic Aircraft Launch Systems (EMALS) and Advanced Arresting Gear (AAG).

The following Quality Clauses in the most current version of GA-EMS Standard Quality Clauses (09492L00008) require Seller to contact Buyer’s customer directly to schedule NAVAIR Source Inspection:

- 219 NAVAIR Source Inspection (5-day Notice)
- 219a NAVAIR Source Inspection (7-day Notice)

If Seller’s Order includes either of the clauses indicated above, Seller shall contact the following NAVAIR Point of Contact (POC), and any other applicable cognizant Government representative(s) (e.g., Defense Contract Management Agency) to schedule Government Source Inspection in accordance with the applicable clause:

Lonnie White
