

# CRIMECAM EXAMINER+

The CrimeCam Examiner+ is an all-in-one camera and Ring Light system for crime scene investigation and forensic evidence detection and gathering. The convenient and easy to use Ring Light provides:

- 24 UV 395nm LEDs for forensic illumination
- 24 Blue 470nm LEDs for forensic illumination
- 16 Bright White LEDs for normal macro photography

The CrimeCam Examiner+ offers “hands-free” operation, eliminating the need to manually hold lights or mount additional light sources. The system is designed for 360° shadow-free lighting and enables viewing and photography of bruise, bite mark and biological evidence.
